Professional Development Seminar

Monday, 5 December 2022
18:00-20:00, LR8.3, 8th Floor (Sofou Bldg)

EU funded research at CITY College, University of York Europe Campus:

The case of NebulOuS and ODYSSEUS research projects

Simos Veloudis
Associate Professor, Computer Science Department

Iraklis Paraskakis
Professor, Computer Science Department

This talk will refer to two projects currently run by members of staff of the Department which are EU funded projects. NebulOuS is carrying out research in the area of edge computing and its aims is to investigate the creation of Operating System concepts for Edge Computing using Ontological underpinnings. Project Odysseus , deals with the case of Home made explosives and how technology (Artificial Intelligence (Neural Networks and Machine Learning), Information Retrieval) are brought in to assist the Law Enforcement Agencies, (LEA).

Knowledgeable **Ethical** **Information & Digitally Literate** **Lifelong Learner** **Reflective & Self Aware** **Professional & Adaptable**
